

Tuesday December 12, 2017 @ 10am\*

Meeting called to order by Bethany and group was welcomed after 10:00am

- **Treasurer Report/Budget \*\*\* No changes waiting on deposits**
  - COW – 3 total were purchased
  - Another COW is really needed and looking for Dodge for COWs to be the best option
  - Scanner for the Nurse – old and current business. Question brought up why District can't pay for this? Answer: not sure is this was what District said or what was being said "our children's records/information"  
My question – District – makes us have this information (immunizations). We have to have those or records of them for our kids to be at school, correct???
